

Northlew Parish Council Public Toilets Consultation January 2021

Northlew Parish Council are considering the maintenance and development of the Northlew Public toilets. We are consulting on a proposal to possibly develop the site to include a small shop area. Any development will of course be subject to the current planning application process. This survey is part of the consultation process and we aim to gather the views of as many parishioners as possible.

For details of how to make your views known, by paper copy or electronically via email or online via Google Forms, please see the information at the end of this survey. Thank you.
